

Wisconsin's No Call List has improved the quality of my life. Prior to the No Call List, I received so many telemarketing phone calls per week that we simply stopped answering the phone. Since the new state law came into place, I have only received one.

I want our law to remain as is. I do not want to be exposed to telemarketing from a businesses or its affiliates simply because I have had contact with the business. I ask that the FCC respect my wishes and help protect me from unwanted telemarketing practices.
